REENACTOR / VEHICLE REQUESTS. September 7th - 13th, 2022
The B-17, "Texas Raiders," will be flying in and giving rides.
It seems that we will hold a hangar dance in conjunction with this visit, probably on that Friday evening. There is plenty of space for parking trucks and trailers in the gravel parking lot at Wings Exploration of Flight at Centennial Airport. * Do not drive to Signature Flight Support. *** WWII vehicles can be stored inside the fencing of Centennial Airport and the museum overnight.**
